Portfolio: arjuncyber.tech

#### Objective:

A results-driven cybersecurity enthusiast with hands-on experience in threat detection and SIEM. Eager to contribute to strengthening enterprise-level information systems through penetration testing and vulnerability assessment.

#### Skills:

- Network Security & Firewalls
- Security Tools: Nessus, Nmap, Splunk
- Python/Bash Scripting
- SIEM & IDS Systems
- Cyber Threat Analysis

#### Projects:

##### **\*\*1. Intrusion Detection System (IDS) Simulation\*\***

Built a prototype using Snort and Splunk to detect suspicious network traffic. Simulated DDoS and phishing attacks in a controlled environment.

##### **\*\*2. Automated Security Log Analyzer\*\***

Created a Python script to parse system logs and flag anomalies. Integrated log data into dashboards for real-time monitoring.

#### Experience:

**\*\*Information Security Intern\*\*** – CyberFort Labs, Bengaluru

Dec 2023 – May 2024

- Monitored security alerts via SIEM systems.
- Participated in security incident triage and response.

- Documented vulnerability reports and remediation steps.

Certifications:

- IBM Cybersecurity Analyst Certificate (Coursera)
- Palo Alto Networks Cybersecurity Fundamentals

Education:

B.Sc. in Cybersecurity

Christ University, Bengaluru | 2021–2024
